

EMBRACE & PIRAN

and find your treasure

1. TARTINI SQUARE

Tartini Square is dominated by the statue of the famous composer and violinist Giuseppe Tartini, who was born in one of the palaces surrounding the square. How many strings are there on the composer's violin on the statue?

2. THE VENETIAN HOUSE

You're still on Tartini Square. Take a look at the most beautiful building, the red Venetian House. How many animal head sculptures are under the balcony of the most famous house in Piran?

3. POLJSKA VRATA GATE

Leave Tartini Square and walk into Trubarjeva Street to Poljska vrata gate. Walk through the gate and turn left. Which square is there?

4. ST. GEORGE'S CHURCH

There are eight churches in Piran and you are in front of the most important one. Can you find the hidden stairs behind the bell tower? How many stairs are there?

5. CLOISTER OF THE MINORITE MONASTERY

You are in one of the most acoustic places in Slovenia, where many outstanding music events take place. Walk down the hall, snap your fingers and check, how good the acoustic really is. Then walk to the centre, to the fountain and look up. From how many windows the monks can observe you?

6. FIRST MAY SQUARE

First May Square is not an ordinary square. Deep inside it still treasures its original and noble mission to save the city from fire, as in fact it is a stone rainwater container. Go on and climb up the stairs, say hello to the statues of Law and Justice that are carefully following what is going on around and take a look to the fountains in the middle of the platform. What material are the covers of the fountains made of?

7. PUNTA

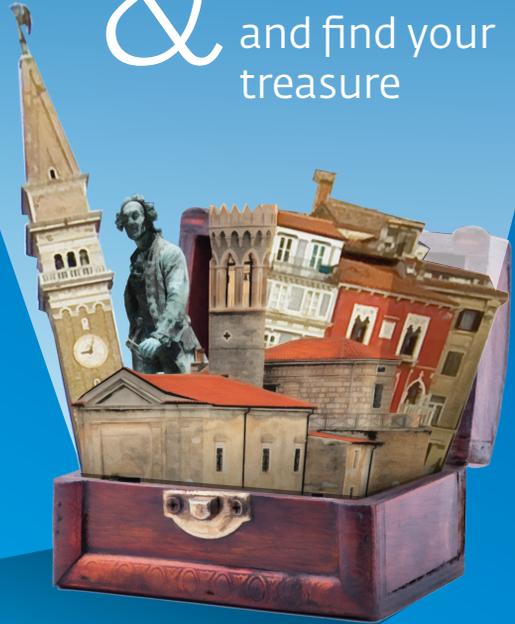

Go for a walk to the Punta of Piran. Enjoy the sea and the endless waves and feel the sea air full of positive energy. This should really be the ideal location to enjoy the perfect sunset! The peninsula ends with the church of Our Lady of Health (or St. Clement's church) and with the photogenic lighthouse. How many coats of arms are built into the wall that surrounds the lighthouse?

8. THE OLD WALLS

Piran has been safely surrounded by the mighty walls since the 7th century. How many preserved towers are still there?

TERMS AND CONDITIONS:

- *You will win the award only if you answer correctly to all the questions.
- *You may pick only one coupon per two persons.
- *Coupons are valid until December 2016.
- *Coupons without the stamp are not valid.

Bring your flyer with the correct answers to TIC Piran and pick your treasure!
